1. As per our conversation I plan to write up some broad comment on the referenced enclosure in conjunction with A/U. It will be quasi - complimentary and tactful. However, I will require several weeks because I should like to use as a point of reference the IAP material which will be forthcoming shortly.

2. Meanwhile, I suggest that we pass to Roy the attached copy (it's an extra one that I happen to have) of [REDACTED] paper. I should think it would be of general interest [REDACTED]

25X1 [REDACTED] Section IV is directly in point with respect to the enclosure to the referenced dispatch. Its availability should serve to introduce [REDACTED] to some intricacies of Soviet national income analysis which probably have not as yet occurred to him [REDACTED]
